

Light Up a Life! Photographer Application

***Light up a Life!* - a benevolent campaign to bring quality photography to families of children with special needs.**

Our files are full of letters and emails from parents who have been unable to get a pleasing photograph of their child with a disability. If you are eager to provide these families with a visual memory of their child, you can participate in the *Light Up a Life!* project and find satisfaction in giving back to the community.

I _____ hereby submit my application to participate in the *Light Up a Life!* program. I pledge to provide the first session and resulting image free of charge to the family of a child with special needs. Any subsequent services or products (after the first free session/image) with individual families will be provided as agreed between photographer and parent(s). Gratis images may be provided in the form of paper, digital, flash drive or CD.

Resulting images from sessions may be submitted to Special Kids Photography of America *Light Up a Life!* for use in various media outreach activities to families, grantors and photographers. Participant as a *Light Up a Life!* photographer provides eligibility for a \$100 discount on SKPA accreditation training package (retail \$299). SKPA training includes workshop CD, “*Photographing Children with Special Needs*” book, study guide, test, photo submission/review and upon successful completion of the training, use of the SKPA logo and posting of contact information on www.specialkidsphotography.com.

Participation is activated by payment of \$20 to Special Kids Photography of America, renewable the first of each year. Enroll on the above website by finding the payment option on our “Shop” menu. Or send check (with this printed form) to SKPA, 35676 Capitola Court, Wildomar, CA 92595.

I agree to seek out a child with special needs and donate free photographic services to the family for the first session. If the family agrees, I will provide a signed release and share my images with Special Kids Photography of America.

Why I want to participate as a *Light Up a Life!* photographer.

Special Kids Photography of America (SKPA) or the *Light Up a Life!* project does not in any way or at any time endorse or recommend any one photographer for photographic services. We offer a database of accredited photographer on the SKPA website purely as a resource for parents.
